

8th July 2009 - Loughborough University

Session Title: "Enjoy your examination": Latest developments in question design and secure eExamination with the LPLUS-System
Format: Hands-on Workshop
Presenter: Lutz Pleines
Institution / Organisation / Company: LPLUS GmbH
Website / Blog: www.lplus.de
E-mail: pleines@lplus.de
Country: Germany
Summary: <p>Behind the European market leading position of the LPLUS-System[®] in aviation sector more and more of the major universities in Germany use the LPLUS-System[®] for their online examinations. Flexibility and Security are the distinguishing marks of the LPLUS-System[®].</p> <p>The hands-on-workshop shows the latest development of sophisticated question design such as drawings in eExamination, the use of a formula editor and simulations. Even the classical questions types like MC, Fill In and <i>drag&drop</i> question types of the LPLUS-System[®] offer new opportunities for authors. Participants of the workshop learn how easy it is to create questions, to set up examinations and to run examinations. In addition, the participants learn something about the security features of LPLUS-System[®] and how to handle mass assessment while keeping quality (as used by the University of Bremen).</p>
