Format: Hands-on Workshop
Presenter: Nicola Wilkinson
Institution / Organisation / Company: Loughborough University
Website / Blog: http://www.webpa.ac.uk
E-mail: n.wilkinson@lboro.ac.uk
Country: UK
Summary: <p>WebPA is an online tool for the peer moderation of group work.</p> <p>Developed initially at Loughborough University and then as a JISC project, the tool was first released for use by the wider education community as an open source application in 2007. It has since gained international acclaim and is used by over 17 institutions in the UK and worldwide. WebPA has users from all educational levels, but in particular the HE section.</p> <p>Those attending this session will:</p> <ul style="list-style-type: none">• Consider the benefits of using the WebPA tool from both a tutor and student perspective;• Experience self and peer assessment from the perspective of a student;• Use the WebPA tool and follow how assessments are created and managed by WebPA.
